The International Mercury Owners' Association (IMOA) was formed in 1991 to offer Mercury owners and collectors (regardless of year or model) the advantages of locating Mercury parts and cars, share information regarding Mercurys, and receive our Quicksilver magazine. Our goal is the planning of well-organized local and national shows. If you have any questions, contact IMOA President Jerry Robbin at (847) 997-8624.

Thank you for joining the International Mercury Owners' Association and your local region.

The IMO A encourages members to hand out this two-page flier to other Mercury owners they come across during their travels. The forms can also be downloaded from the IMO A website at www.mercuryclub.com. The more IMO A members, the merrier!

International Mercury Owners Association invites new members

Our mission back in 1991 was to form a group of dedicated Mercury owners and lovers collaborated together to create the International Mercury Owners Association (IMO A).

The club stands as a tribute to the historic Mercury brand and the classic automobiles created with the iconic Mercury nameplate. The IMO A is made up of some members from around the world, and continually attracts owners and collectors by offering special member benefits and a close-knit social community for the Mercury lover across the globe.

The IMO A has created an internationally connected family that enables members to share their hobby experiences, stories and lifestyle that comes with owning any Mercury of yesteryear. The club also gives Mercury owners and enthusiasts the ability to stay connected with one another through local and regional events, the online IMO A Forum, award-winning printed publications, and even a classified section within the website.

The club website even allows members the opportunity to post their own stories and photos and to read articles written about their favorite Mercury written by fellow members.

If you are an owner or enthusiast of any Mercury vehicle, then the IMO A is for you!
